Annual General Meeting
 February 24 to 26, 2009 Calgary, Alberta

The First Nations Tax Administrators Association had an exhibitors booth at the Aboriginal Financial Officers Association of Canada Annual General Meeting In Calgary. The purpose of our exhibit was to raise awareness of our Association among Aboriginal Financial Officers.

We offered an Acer Netbook laptop as a draw prize. Sharon Peacock of the Enoch Cree Nation was very happy to win this prize.

Tax Administration Software

The Tax Administration Software (TAS) is a tool to assist Tax Administrators through the complete annual tax cycle: assessments, budgeting, rate approval, tax notices, collection and enforcement. This new Tax Administration Software addresses the administrative rules and requirements resulting from s.83 of the *Indian Act*, the *First Nations Financial and Statistical Management Act* and First Nations Tax Commission standards.

TAS will be available to First Nations in British Columbia in the first part of May 2009. If you have not submitted your application, but wish to have the software, please contact FNTC as soon as possible. There will be tutorials and user assistance available. TAS versions for other provinces will be available at a later date.
